

SACRED SOUND PILGRIMAGE IN PERU
SINGING THE SONG LINES OF CREATION
21 September – 3 October 2014

*In oneness with the Earth Mother and all her realms we open our heart,
mind and body to allow the songs of creation to flow once more ...*

With this sacred intention we walk the Earth, ride the Waters, listen to the Mountains and the wisdom keepers, send out our songs and prayers on the Wind. We become one with the Sacred River of Life and travel on our pilgrimage deeply into the sacred portals to honour and receive the gifts the Ancient Ones and Mother Earth hold for us, to ground who we truly are.

Our intention for this Sacred Sound Pilgrimage:

Yamala, the Ancient Ones, Creation Councils, Mother Earth, the Apus Mountain Spirits, and the divine presence of our soul offer us a special journey that blesses us with the innocence of our pure essence and frees our joy, happiness and the power of receiving and giving who we truly are in life. As representatives for humanity and our ancient lineage, we anchor the new teachings as a gift to all beings and the Earth.

Via sacred sound activations ~ light infusions ~ deep meditation ~ mudra ~ mantra ~ movement ~ journaling we open our heart, voice and body as a conduit of Sound and Light, to deeply enter in communion with the Earth portals, the Stars, the Ancient Ones and Guardians of the sacred sites to receive the frequencies, blessings and dispensations that support us to:

- Liberate the power of the Voice of Creation within us and within the Earth
- Ignite the original Star Seeds with our Soul's Light
- Free karmic patterns of sacrifice and misuse of power held in the sacred portals and our own lineage
- Receive back from the Earth unused creation gifts of our soul
- Give our gifts for the benefit of others, the Earth and all of creation – embody our power to create clearly, lovingly, authentically

With the gift of our presence we transmit and anchor these keys into the land and the multidimensional realms of creation for the greater good of all.

Allowing Creation to Flow through Us...

THE JOURNEY IN THE ANCIENT PORTALS

The way to truly ground ourselves, our soul, our gifts, is to open to the pure essence of life within. As the light of source emanates deeply through our heart and voice into the womb of creation, we ignite the flow of divine creation energy.

Deeply loving the light creates the inner marriage that allows the River of Life to stream through all realms. With our Golden River of divine energy, pure power of creation, we ignite the Creation Matrix at the core, in the Heart of Creation in the belly of the Earth. The Amrita Gateway of Life, our Sacral Chakra, is this sacred source vortex, the heart of creation in our belly.

Machu Picchu is a Sacred Star Seed Portal where the Heart is opened to embrace the Source Light within, and balance the feminine and masculine energies, to be a conduit of this light and gift it to the Earth. In this portal we will receive keys to liberate the Star Seeds, the divine origin held within the heart of our soul, activating the blueprints that begin the journey of birthing our gifts, for the greater good of the Matrix of all Life.

1. The Golden Solar Archangels and the power of the Suns and Moons will support us to meet, honour and own the true light of our soul. The Mountain Spirits of Machu Picchu will guide our way.
2. Deeply traveling into the portal of Machu Picchu, the Solar and Lunar discs of the Star Beings will offer us dispensations and frequencies to harmonize and balance our Heart, so giving and receiving Light, Love, Sound may be natural and easy for us again.

3. Our Heart will be activated, ignited, celebrated to liberate the divine blueprints or Star Seeds and create a greater connection with our soul's path of creation in life.

In the portals of **the Sacred Valley** and **Sacsayhuaman, Cusco** we will awaken and empower our creation energies and release memories of disempowerment that may have limited our ability to embrace our natural and true empowerment in life.

1. In the Sacred Valley we will build a bridge of power between our Heart and Sacral or Amrita Gateway. In Moray we build the love frequency and our connection with trust and faith.
2. We will liberate our emotional and mental bodies of old patterns to open the pathways of creation within our sacred valley, the intimacy of our belly.
3. At Sacsayhuaman we will travel into the Temple of the Moon to be supported to meet and surrender memories of sacrifice held by our soul since ceremonies in ancient times.

Lake Titikaka is a Creation Centre, a sacred Source Vortex or Amrita Gateway for the Earth. A planetary portal of divine feminine Receptivity, this amber golden lake of pure power is calling us to liberate our own ability to truly receive the power, the knowing, the divine essence within.

1. Deeply traveling into this portal will gift us the Healing of the Womb, where we may reclaim missing parts of our Amrita Gateway + our creation body matrix.
2. We will clear old, incomplete and unfulfilled creations. Once this power is liberated we will travel into the Inner Earth Heart of Creation and the City of Light, where we will meet with the original star seeds of Venus.
3. Sacred sound activations will initiate the alignment and harmonising of our Heart and Creation Centres and the bridge between these two.
4. We will hold a ceremony to liberate a higher part of our creation consciousness that has been held in the care of the Ancient Ones in the Inner Earth here. This part of us is now able to merge and unite into the Light of our Heart again and be seen, heard, known in the world.
5. The purpose of our journey into Lake Titicaca is to reclaim our feminine power of creation through the Venusian Higher Self connection.

The **Island of the Sun** in Lake Titicaca is honoured as the birth place for the Incan Empire, with the Ancient Wisdom and Power it holds. Here we will birth and bring into the light creation gifts of our Soul, that have been

unused yet in this lifetime. These gifts have been held in the care of the Ancient Ones and emissaries in the portal deep in the Earth here.

1. In sacred ceremony we will travel deeply into the Inner Earth City of Light where we will meet and honour the ancient guardians.
2. We will receive the sacred gift of our Soul, held in the Ancient Portal, and learn how this gift may enhance our life and the life of others.
3. In Ceremony we will give thanks for the path we walk in co-creation with and in service of our Soul, Yamala, the Ancient Ones and Guardians, the Earth Mother Pachamama and all of creation.

With such joy and gratitude in my heart I share with you that the universal spirit aligned our project with such a beautiful Peruvian man to join our team and co-create this journey with.

Washington Gibaja Tapia is a beautiful guide, living in the Sacred Valley in Peru. He has a great connection with the spirit of the land and the mountains, the Apus, with the shaman or paqo and the grandmothers, wisdom keepers of the Land of the Andes. Washi wrote the book 'The Magic of Machupicchu' which led us to him.

Washi has created the company Magical Tours Peru and is organizing the logistics of our pilgrimage, while introducing us deeply into the beauty and wisdom of his homeland. He will take us into the community and his shaman friend and brother will be our guides on this pilgrimage.

ITINERARY

Our beautiful connection with all of creation has led to a wonderful itinerary that will support us to weave a magical 13 day journey through the Sacred Portals of the Andean Land and Waters and make a profound connection with the Ancient Ones and Pachamama, Earth Mother, and the gifts they hold for us. The Itinerary pdf is attached to this email.

As we are on a Sacred Journey with Spirit, we will follow the highest guidance in the moment. This may result in changes in the itinerary. We ask your flexibility and understanding, if this would occur.
