YOUR TEACHERS in the OPEN YOUR GAIA CHANNEL PROGRAM

AMA'YA MA KUMARA

AMA'YA is an Ambassador, Temple Keeper and Divine Channel for the Holy Mother, a self mastery teacher from the Divine University of Light, and emissary for the Moon Mothers and Family of Light. She is a Keeper of Initiations and specializes in the mastery of divine love as a spiritual path. She is a Soul Mother, devoted to initiating the truth of the inner beauty, divine qualities, precious gifts and living light essence of a soul to be shared through their open heart.

Our gift of Love to each heart on this sacred Peru pilgrimage is to consecrate, dissolve and liberate our deepest closures to Mother Gaia from previous incarnations and our ancestral tree of life, rooted into the Earth Mother's body. In group heart, we will initiate the raising of our embodied love frequency and set a new vibration in motion that generates our sacred and pure exchange, right relationship and oneness with Mother Earth.

The loving connection we hold with the spirit Elders of the Sacred Hoop, and to the sacred trees, rocks, mountains and waterways of our Mother Earth that carry the messages of wisdom and blessing streams of the Earth Mother and Holy Spirit, will bless, guide and support us on our way.

Our spiritual path of the giving heart, built through 20 years of divine service to the Enlightened Masters and portal system of our Mother Earth has woven into us our Divine Presence stream, which initiates a being into their next level of mastery. We invite you to open to your next level of potential and welcome you into our heart with all of our love.
